

Welcome to StoneTree, and to the first steps on your way to feeling better! Thank you for choosing us as a part of your health care team.

Your Forms and Health History

Your new patient intake forms are attached to this letter. They may be more extensive than what you're used to – that's because naturopathic doctors are trying to look at you as a whole person in an effort to get to the root of what is causing your health issues. The more information we have to do this job, the better, and as a result, we ask a lot of questions!

Your First Appointment

Feel free to bring any other information you feel is relevant to your first appointment. If you like, you should also feel comfortable bringing a friend or family member with you, too. You can find directions to the clinic on our website at www.stonetreeclinic.com.

DECLARATION AND CONSENT TO TREAT

This is to acknowledge that I (or Parent/Legal Guardian) have been informed and understand that:

Naturopathic medicine is the treatment and prevention of diseases by natural means. Naturopathic doctors assess the whole person, taking into consideration physical, mental emotional and spiritual aspects of the individual. A number of different approaches are used: Diet and nutritional supplements, botanical medicine, homeopathy, Chinese medicine and acupuncture, hydrotherapy, physical medicine and lifestyle counseling.

A StoneTree Clinic naturopathic doctor will take a thorough case history, do a screening physical exam and if your case requires, do more specific physical examinations including breast exams, gynecological exams and genital exams. Certain laboratory assessments may also be required on a case specific basis.

Even the gentlest therapies have their complications in certain physiological conditions such as pregnancy and lactation, in very young children, or those on multiple medications. Some therapies must be used with caution in certain diseases such as diabetes, heart, liver or kidney disease. It is very important therefore that you inform your naturopathic doctor of any disease process that you are suffering from or if you are on any medication or over the counter drugs. If you are pregnant, suspect you are pregnant or you are breast-feeding, please advise your naturopathic doctor immediately.

There is some slight health risks to treatment by Naturopathic Medicine. These include, but are not limited to:

- Aggravation of pre-existing symptoms
- Allergic reactions to supplements or herbs
- Pain, bruising or injury from venipuncture or acupuncture
- Fainting or puncturing of an organ with acupuncture needles, accidental burning of skin from the use of moxa.
- Muscle strains and sprains, disc injuries from spinal manipulation

The Treatment and therapies rendered or recommended at StoneTree Naturopathic Clinic may be different that those usually offered by a medical doctor or other licensed health care providers.

As a patient of StoneTree Clinic I understand that results are not guaranteed.

I agree to pay my full account at the time of each visit or treatment, including fee for services, cost of supplements and remedies, cost of laboratory tests and other fees unless otherwise discussed. Payment can be made in cash, personal cheque, Debit Card, Visa or Mastercard.
